Woody Bros. will sing at the Methodist church tomorrow morning.

"Uncle Nick" will offer his new dining room to the young people next week to have a german in.

Mr. Armstrong, agent for George Gould, of New York City, is now going to build a five room lodge, with barn and kennels, one mile east of the city, where he has secured 10,000 acres of land for shooting privileges for Mr. Gould and his friends. The Snow Lumber Company will furnish the material for these buildings and have the work done.

There are not so many blue coats and brass buttons in town today. The boys not being compelled to wear their army clothes have donned citizens clothes.

R. C. Charles is having the Terry Welborn house, on the corner of Ingram and English streets, moved to the lot between his and L. J. Ingrams' residence. Mr. Charles expects to build on the Welborn lot soon.

Ed. Gaston, colored, said this morning the republicans are going to have an election of their own as soon as they can find some men that will run. He says he has invited everybody, and cannot find a single republican who ran last Tuesday.

Our Three Large Buildings.

The three large buildings in Greensboro are beginning to be the chief attraction and talk of passers by. No true citizen looks at either of them without feeling a sense of pride and admiration. The walls of the new depot are well up and the building shows more and more every day, how handsome it will be when completed. Nothing is going to be left that will add to its beauty or convenience, and it will be one of the most desirable depots in every particular in the south.

The granite front of Mrs. Sol Well's new building is now three stories high, and this also gets more handsome as it gets higher. The fronts of both these buildings will be solid granite—the first of the kind in the city. The granite of the granite front will make it largely copied; let us hope so, at least unless something better can be found, and this will be hard to do.

The large iron columns which will support the front of Wharton and McAllister's new office building, on east market have been put up at the first story and work on this part of the building will soon be commenced. The walls are now two stories high and as handsome as can be. We do not know what style the front will be, but it may be judged from the rest of the building that it will be the most beautiful and substantial that can be constructed.

TOLBERT IN WASHINGTON.

He Fled From the Angry South Carolinians.

TO CONTEST DEMOCRATIC SEATS.

But Chairman Kerr Thinks There Will Be No Trouble in Seating North Carolina Members.

Special to THE TELEGRAM.

Washington, Nov. 12.—R. R. Tolbert, republican candidate for congress in South Carolina, and one of the Tolbert family of Greenwood, who was run out of the town as a result of the rioting Wednesday, came to Washington city, arriving here yesterday morning. Tolbert was seen at the St. James hotel, and while he was somewhat disinclined to talk upon the subject, he gave his version of the affair. He denies that he, or any of the family had any knowledge of the event which led to the trouble in the town. His escape was but little less than miraculous. Tolbert says that before he left the town numerous threats were made against his life, and that threats were made of destroying the entire family property in the state, and that, finally he was obliged to flee from the town for his personal safety. A brother of the congressional candidate was mortally wounded, and his father and younger brother are now in the state penitentiary at Columbia, South Carolina, for safe keeping. Tolbert says he has heard nothing since his arrival in Washington from any of the family, but he presumes that with the exception of his brother who was killed the rest have escaped from the fury of the people.

Yesterday afternoon Tolbert, accompanied by Mr. E. A. Webster, a member of the republican national committee from South Carolina, and one of the colored leaders of the state, E. H. Deas, went to the department of justice, and laid the case before the officials. It is not known what action if any, the federal authorities will take in the matter. The father who is in jail in Columbia, is Federal Collector of the Port of Charleston, and another of the family who was driven out of town is assistant postmaster. The party were at the department for a long time during the afternoon. It is likely that the attorney general will take steps to investigate the facts in the case.

The number of congressional contests in the next house of representatives will be very large. It is likely that there will be more of these cases than in any congress of late years. It is said that there will be contests from every southern state, with the exception of Florida, from Virginia to Texas. North Carolina, South Carolina and Kentucky will probably furnish the biggest batch of cases. From Virginia there will be at least one contest. Dr. Wise having given notice already that he will again try to drive Mr. Young of his seat although the returns give the latter a big majority.

From North Carolina, according to present indications, it is probable that every seat held by a democrat will be contested. The number of contests from the eastern and western states will not be so great, though it is expected that New York, Pennsylvania, Indiana and Illinois may furnish a few.

A party of Raleigh, North Carolina, people are in the city. They arrived yesterday morning over the Southern road, and are registered at the Ebbitt house. In the party are Mr. W. A. Withers, Mrs. Withers; Mr. C. B. Williams; A. W. Blair and the Misses Stewart and Voss. The party will be in Washington for a few days.

Chairman Kerr was seen yesterday morning, and he stated that he did not anticipate that there would be any trouble in seating the democratic representatives-elect from North Carolina. He said that the certificates of election would be issued by Governor Russell. The republican candidates, he said, have not the slightest basis for contesting the seats before the house, and he is of the opinion that most of the republican and fusion candidates will acquiesce in the result.

Mr. Samuel H. Reed, a prominent citizen of Asheville, N. C., is at the Metropolitan Hotel. He is accompanied by his wife and daughter, Miss Lena. They are enroute home from the north.

The situation at Wilmington was discussed by the President and his advisors at the cabinet session yesterday, but no conclusion was arrived at. The President has referred the matter to Attorney General Griggs for investigation. It is said that if there is further trouble that the President may, without awaiting a call from Governor Russell, order federal troops to the scene of the difficulty.

The situation in Greenwood, South Carolina also attracted the attention of the President and cabinet.

Sutton Defeated.

There is now no doubt that Judge Sutton is defeated for the Eastern Circuit Court. Dossey Battle, Esq., of Rocky Mount, whose nomination in this city several months ago was considered an empty honor will succeed him. The defeat of Judge Sutton is one of the greatest surprises of the moment. He created the strictest out of the blackest counties with a republican majority of more than 8,000 and had himself appointed Judge. It is remarkable.—Fayetteville Observer.

LEAVING THE STATE.

The Negro Ring Leaders Shipped Out of Wilmington.

Rocky Mount, Nov. 11.—Seven negro ring-leaders of the Wilmington riot, were escorted by the military this morning in Wilmington to the north-bound coast line train to prevent lynching, and were given tickets for their passage beyond the borders of the state. They have come this far on the same train with your correspondent. To avoid any effort to molest them along the route, the car of which they were the sole occupants, was thrown between the engine and the baggage car, making ingress from the other coaches impracticable, and citizens along the route were not generally apprised of the presence of the negroes on the train. The train on which they came departed northwardly to Norfolk, but the car with the negro rioters has just been side-tracked at South Rocky Mount, one mile south of Rocky Mount proper, and in about an hour will be coupled to the lightning express from Charleston and proceed northward to Weldon. Miller, the wealthy negro pawnbroker, of Wilmington, is one of the number.

The negroes exiled from Wilmington remained unmolested in the car on the side-track until, at ten, 40 minutes late, from Charleston sped into the South Rocky Mount station. The car of the exiles, a dull, weather-beaten maroon in color, with blinds all lowered, was again thrown between the engine and baggage car, and thus coupled it passed northward with the enforced flight of the black leaders of the Wilmington riot from the overpowerful supremacy of the Anglo-Saxon race. The curtain falls before the bloodiest tragedy, apart from Indian butcheries and historic wars ever known in North Carolina.—John R. Morris in Charlotte Observer.

QUIET DAY FOR WILMINGTON.

Negro Shot By The Guards—No Further Outbreaks Expected.

Wilmington, Nov. 11.—Comparative quiet has reigned here today. Guards shot one unruly negro in a negro slum of the city this afternoon. A sensation was created by the capture of J. R. Melton, late chief of police, by a crowd of rough riders, who would have committed violence had not the militia interfered, and at 9 o'clock Melton, R. H. Hunting, republican justice of the peace and C. H. Gilbert, ex-fusion policeman, all of whom are in danger of severe treatment by red shirts and rough riders had been taken to the city jail and sent out of town. Acting Sheriff G. Z. French left the city last night. Eight negroes in the county jail, whom the red shirts and rough riders had threatened to lynch, were sent to Goldsboro this morning for safe-keeping. These were arrested during the rioting Thursday. The city is now under thorough military and police protection, and there is every indication that no further outbreaks are expected.

Not to Be Dumped on Newbern.

Raleigh, Nov. 11.—A special to The News and Observer from Newbern, N. C., says: C. H. Gilbert, R. H. Buntin and Chief of Police Melton, three of the white republicans who were forced out of Wilmington today, arrived here via the Atlantic Coast Line this afternoon. They were met at the depot by a committee of citizens and notified that their presence was not desired. They showed a ready willingness to leave and were accordingly escorted to the steamer Neuse, on which they sailed at 6 o'clock for Elizabeth City. Word has been sent to Elizabeth City that the new City Hall should be kept moving when they arrive there.

Legislative Action Now Needed.

The result of the election in North Carolina is gratifying to every friend of the state and to every man who wishes to see reduced to its minimum one of the greatest enemies of Southern progress. The Old North State is now in a position to inaugurate a moderate and dignified administration of self. That may be increased by legislative action nullifying the efforts of those still in power there to make votes by demagoguery if it be not possible just at present to inaugurate an entirely new regime.—Manufacturers Record.

Will Not Do Injustice.

In our account of the fight with some soldiers at Grissom & Fordham's drug store Thursday night, Policeman Keith says we did him a great injustice. The man whom the soldiers were fighting went out at the back door of the store, and the soldiers caught him several yards from the door, while Mr. Keith had gone back to the front of the store and thought the man was safe from further harm.

The Telegram, nor our informant, has any intention of making a mistake to do Mr. Keith an injustice. Our mistake was in the location of the fight. We understood that the man went out the front door and that the soldiers attacked him on the sidewalk. The Telegram has always tried to give policemen credit for their work whether good or bad, and we regret that a mistake should have occurred in this case.

TO MAKE HISTORY STRAIGHT.

A Movement Among Prominent Army Officers.

STRICTLY A MILITARY BOARD.

General Miles and Secretary Alger Both Endorse It—To Be Of Army Officers Only.

By Wire to THE TELEGRAM.

Washington, Nov. 12.—There is a movement afoot among prominent army officers, who took part in the war with Spain, to have the president appoint a strictly military board to examine into the conduct of the war with Spain. The movement has the endorsement of General Miles, and it is understood that Secretary Alger also favors it. The board will not be one of inquiry, but merely to make a history of the entire conflict, for a record in the war department, and will be composed of experienced officers of the regular army.

WILMINGTON QUIET.

Nothing Alarming Occurred During The Night.

By Wire to THE TELEGRAM.

Wilmington, Nov. 12.—The city is quiet this morning. Nothing alarming occurred during the night, which is probably due to the frightened condition of the negroes at the presence of the state guard and a regularly armed body of citizens. The city was under martial law all night. Residences of whites even guarded, all negroes were stopped and searched, then escorted home. The army is decorated with a motley collection of weapons, including Winchester, razors, pistols and guns of every description which were taken from negroes. The coroners inquest was held today.

WILL NOT INTERFERE.

Except in Case of a Recurrence of Race Rioting.

By Wire to THE TELEGRAM.

Washington, Nov. 12.—Except in the unlikely event of a recurrence of race rioting in the Carolinas it is improbable that the government will interfere. The administration abhors rioters, but there is no evidence to warrant the intervention of the United States Attorney General. All is quiet now and it is too late to interfere. The cabinet held a special session this afternoon.

Mr. Seabrook officiating. The church was handsomely decorated. Mr. John R. Stewart was best man, and Messrs. Will Phipps, Charles O. Forbis and John A. Forbis, were ushers. DOINGS OF THE CITY FATHERS.

Business of Minor Importance Transacted Last Night.

The board of aldermen met last night with Mayor Taylor in the chair. All present except Aldermen Mendenhall and Elam.

Mayor Taylor appointed J. T. Abbott engineer and Harry G. Lewis assistant engineer of Steamers Company No. 1.

C. C. Shoffner filed application for recommendation to county commissioners for license to sell liquor at retail in the new building erected by Jones and Taylor, on South Elm street. Under the rule the application went over for two weeks.

Messrs. C. H. Ireland and John R. Cutchin, appeared before the board and asked that the sewerage system be extended on West Washington street from Ashe to South Elm, stating that property owners would pay one-half the cost of same. The sewer was ordered put in.

Board adjourned to meet next Tuesday night when bids for putting in an electric light and street railway system, will be opened.

Metropolitan Concert Co.

Mr. Carl Rieck, the well known tenor, is an artist of much experience and undoubted ability. He first came before the public in his native town—Hamburg, Germany, where when very young he showed wonderful musical talent. He devoted many years to study in Germany under the most distinguished masters, and later came to America, continuing his musical studies in New York City for a number of years. He has a clear, strong voice, and sings with great expression.

Besides singing operatic roles, he has held prominent church positions for the past nine years in New York City, and has achieved renowned success in Concert and Oratorio worlds.

Mr. Rieck is one of the talented artists with the Metropolitan Concert Co., which appears at the Academy of Music Tuesday evening, Nov. 15th for which Concert seats can be secured in advance at Gardener's drug store 75c.

A Progressive Merchant.

People all along South Elm street were attracted last night by the beautiful light in Kaufmann's window. An examination showed the window to be dressed with beautiful neckwear with a background of lovely chrysanthemums. Four bright lights, shaded with a pretty tint of red, gave a most comfortable and pleasing effect.

Kaufmann is a live man and understands his business. For proof, see his half page ad in this paper today. His stock is as attractive as his advertisement, and he is fast establishing a reputation for square dealing and first class goods. Call and see him.

A Sad and Gloomy Soldier.

Perhaps the saddest individual in the county this morning was an Irish soldier. "Pat" was mustered out yesterday and received the enormous sum of \$57.00 which his Uncle Samivel gave him for offering to help him lick Spain. Fifty-seven dollars was an unusually large sum for Pat to possess at one time, so he went out to take a few drinks and treat some friends. He must have been very liberal to himself, for when Policemen Whittington and Keith found him, about 9 o'clock, he was drunk almost beyond the power of perambulation.

"Pat" waked up in the lock-up this morning to find that fifty-six dollars and ninety cents of his money had vanished, and that he was the possessor of only a dime. Whether he was robbed or the policeman took it to keep until Pat got sober he does not know, but he is afraid it was the former.

Should Be Appreciated.

We have heard frequent complaints by strangers and visitors in the city that Greensboro has no first-class restaurants and cafes. This is the case no longer. James H. West has fitted up a lunch counter and dining parlor that would do credit to any city. He has an elegantly furnished and cozy restaurant prepared especially for ladies and a private dining room just back of this. In addition he has added another large store room which is stocked with confections of all kinds. This effort of Mr. West to accommodate the public should meet with a hearty appreciation.

A Sure Sign of Croup.

Hoarseness in a child that is subject to croup is a sure indication of the approach of the disease. If Chamberlain's Cough Remedy is given as soon as the child becomes hoarse, or even after the croupy cough has appeared, it will prevent the attack. Many mothers who have croupy children always keep this remedy at hand and find that it saves them much trouble and worry. It can always be depended upon and is pleasant to take. For sale by C. E. ROAD IMPROVEMENT.

The wisdom of the movement for good roads taken by some of our most enterprising, far-seeing and progressive citizens two years ago has been demonstrated beyond the shadow of a doubt. Every man of average intelligence now realizes the absolute necessity for better means of transportation from the rural districts to the centers of trade and traffic.

The people are clamoring for better roads. From every section comes the cry: Send the convicts here to work the roads. A noticeable feature of the last democratic convention in this city was in the presentation of men as suitable candidates for county commissioners it was argued "that our section needs work on the roads."

Enough has been said to show the people the inestimable value of good roads. Nearly every point has been argued before, but they will stand frequent repetition. Good, smooth road beds, with easy grade, saves wear and tear of wagons and buggies, saves horse flesh, keeps the driver in a good humor and enables him to carry to market as much in one day as he could carry in two days under the old system of climbing hills, floundering through mud holes and deep ruts, and enables the farmer to enter town with a smile on his face, surprised at the ease with which he made the trip.

Good roads enable the dwellers in town to ride out into the country and become acquainted with their surroundings. They bring the city and country closer together. They invite new settlers to come in and purchase farms which were hitherto almost valueless, being undesirable because of their inaccessibility to market. They make the country look better and more pleasing to the eye. They show that the people are wide awake and that a progressive spirit dominates the country.

Let us have more good roads. It is desirable to have paved streets and smooth sidewalks in cities? It is equally desirable and important that good roads be built all through the country. Let the work go on and let the facilities be increased, and before the job is half done every man in the county will urge its completion.

The Hickory Press and the Union Republican console themselves with the thought that while the democrats won in North Carolina, "the republicans made gains in other states." You are heartily welcome, gentlemen, to all the comfort you can find in that. We are content with the result of our own fight here in the Tar Heel state. North Carolina is a bigger thing now to all lovers of decency and good government who live in her borders, than all the balance of the United States. Republican success in states where republicans have respect for the Anglo-saxon race is not so obnoxious as it has been in North Carolina. But it's all over now.

Next Tuesday night is the time appointed by the city aldermen to let the contract for lighting the city, and for determining the matter of incandescent lights, power for running machinery and electric street cars for Greensboro. Much of the city's future welfare depends upon the action to be taken on Tuesday night. We have our views and we have freely expressed them. Whether they are wise will be determined by the action of the aldermen and the test of time and results.

A Boy With a Hammer

could abuse a bath tub most shame-
fully in fifteen minutes. But there is
another kind of abuse of the bath tub
in which the bather instead of the tub
is abused. There is a right and a
wrong way to bathe. Ice cold baths
are not best. Take one that is warm
or tepid. Then by means of a shower
reduce the temperature until it is cool,
but not cold. If you have no shower
bath the same results can be secured
by the use of our Shower Bath Ring.
The best bath tub appliance on the
market, and only \$2.00. Doesn't wet
your hair.

The Social Standing

of most men is much higher than the
sum of their income. To such men it
must be good news to learn that they
do not have to pinch themselves in
order that they may pay the extra-
vagant tailor's bills. We sell perfectly
fitting clothes for business, semi-dress
or full dress occasions of unquestion-
able and superb qualities at prices
which permit the saving of almost half
tailor's bills. Our best clothes are
made by the famous New York tailors,
Messrs. Peckham, Fishel & Co., whose
label on every garment is a guarantee
that the clothes are equal to "custom
made" in every particular. Therefore,
whether it is a sack suit, a cutaway or
a Prince Albert frock, a pair of trou-
sers, a top coat or an overcoat that
you need, do yourself the justice to at
least see our offerings—and then go
to your tailor if you like—but you
won't.
